# THE ROSICRUCIAN Cosmo-Conception

BY MAX HEINDEL

This book contains an Initiate's understanding of the Rosicrucian teachings concerning the World-Mystery, strengthened by his personal investigations of the inner worlds, the ante-natal and post-mortem states of man, etc.

• • •

"I often wondered why there were deformities in the physical body; why there was so much suffering in the world, and why little children had to die in infancy. . . . Life is so short here on earth—why were we ever born if we have to die and that is the end?

All these things have been explained to me through the *Rosicrucian Cosmo-Conception*. The subjects of Rebirth, Cause and Effect, and the Law of Consequence hold a wealth of knowledge and satisfaction, and I am fully convinced of the working of these Laws. The only regret I have is that I did not find this book sooner."—W. H., North Perth, Australia.
