The Rosicrucian Cosmo-Conception

By MAX HEINDEL

*Initiate-Messenger of the
Rosicrucian Order*

Are You Interested in Progressive Living?

Do the revelations of modern science concerning the unseen forces about us, pointing the way to new standards of living, interest you?

The Rosicrucian Cosmo-Conception gives a complete and definite explanation of the manifestations of a so-called super-normal nature, and at the same time sets forth a full and logical explanation of the evolution and ultimate destiny of man. Many have found this book, not only a solution to the mysteries of life and death, but a safe guide to a higher way of life, based on knowledge, faith, and courage.

What is truth? How may we distinguish between truth and error? How may we bring harmony and progress into our lives? "Each of us has inherently the faculty for knowing all these things," says Max Heindel.

The reading of this wisdom-filled volume can mean the beginning of a new and vastly more satisfactory period in your life. Its logic satisfies the reasoning mind, and its outline for living appeals to the longings of the heart.
